

# Wags to Whiskers of Texas

## Volunteer Guidelines for Adoption Events

**Adoption fee negotiations must be handled by a W2W Director. Please ask one of us to help your potential adopter if they have questions concerning adoption fees.**

**Standard adoption fees are \$75.00 which includes spay/neuter, rabies and FVRCP vaccinations, microchip, flea preventative, worming, litter box and scratching post trained. Kittens are \$35.00**

**Cat carriers are required for transporting cats from the adoption center. A temporary carrier is available for \$5.00.**

**There may be cats with an adoption fee less than or greater than the standard fee for a variety of reasons.**

- 1 Special, or purebred cats. (rare, but it does happen)**
- 2 Special conditions, i.e., cats that are 'bonded' & must be adopted together**
- 3 Cats that have been declawed. (declaws are only adoptable by those families that do not have other pets or small children. If an adopter has other declawed cats, a W2W director must interview the potential adopter.**
- 4 Military or First Responder discounts (only during specific dates)**
- 5 A W2W director must OK any special consideration.**

---

**Volunteers are expected to 'police' the kennels (litter box, food, water, abnormal behavior etc.)**

**Please advise small children that they must be accompanied by a parent to pet the cats. (look, but don't touch without a parent)**

**Only volunteers can open a kennel unless express consent is granted.**

**Help doing Setup, breakdown and storing the kennels, tables, etc. is expected of volunteers.**

**Volunteers are expected to perform other duties as assigned.**

---

**Breaks and lunch are at your discretion and time. You may bring food or 'go out' as you wish.**

**If applicable, **Community Service credit hours** will be logged at the end of the adoption day. Bring your learning institution / court order form with you. If not available, a W2W generic form is available at no charge.**
