

Wags to Whiskers of Texas

INFORMATION FOR FIRST TIME FOSTERS

This guide is for fosters who desire to rehome cats for whatever the reason

Fosters should drop off their cats (in carriers) by the designated time stated in the weekly text message. Most of the time it will be 11:00 AM Saturday morning. A little early or late is fine. You should plan to pick up your cat (if not adopted) by 3:00 PM. Please call or text if you need to vary from this schedule. If you wish to stay with your cat during the event, arrangements **MUST** be made in advance; preferably when you confirm kennel space. Those who wish to stay are expected to help setup @ 10:00 AM and or breakdown @ 3:00 PM. **Fosters must refrain from giving information to adopters unless you have express information to do so from Ron McCuen or other Officer of Wags to Whiskers. This includes fees, policies, etc.**

All cats must be Spayed or Neutered, have a current paper 'certificate of rabies vaccination', be current on Worm and Flea treatments and have received an FVRCP vaccination. Microchipping is also required. W2W can provide microchip service if you wish.

Cats must be strictly indoors for at least 14 consecutive days before bringing them to an adoption event. This gives any illness or disease time to become evident.

Cats must be contained in an appropriate pet carrier while transporting to and from the adoption event.

Cats **MUST** be able to be petted and handled by potential adopters. (There are exceptions to this rule)

My volunteers have appointed tasks and responsibilities. Please do not ask them to do things or tell them what to do. If you have a problem, let me know!!

Documentation required:

A cat **profile** for each adult cat, including a color photo.

A **Foster Agreement**. Multiple cats can be named on a single foster form.

No check marks! Please read and initial all paragraphs. Attach all available vet records if possible.

If you need an exception or wish to discuss any of the above, please call / text Ron McCuen @ 713-504-7838 or email to ronmccuen@gmail.com
